

PULLEY BLOCKS P100, P150, P200

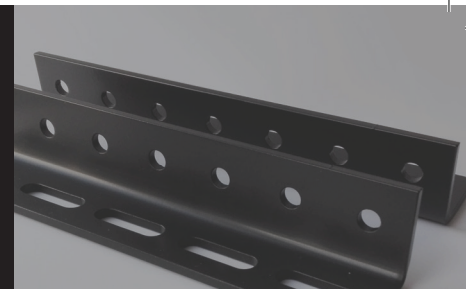

Metalhood Ltd. pulleys are made of black powder coated metal side plates (5mm thick), polyamide sheave (D = 100, 150 and 200 mm) and ball bearings for smooth operation. Pulley blocks have entertainment load limit (ELL) 1 250, 2 500 and 5 000 N. Available for fibre and wire ropes with 1 to 6 ways. Suitable for motorised and manual systems. Due to full operation cycle in-house and flexibility customized products are available.

P100, P150, P200

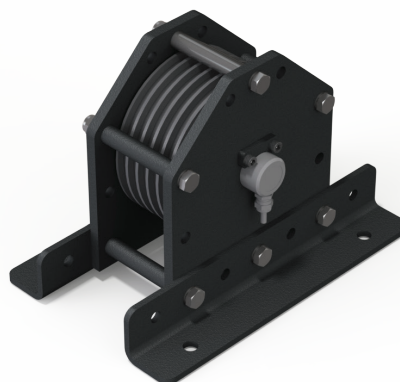

Product code	H (mm)	L (mm)	W (mm)	D (mm)	Number of lines	Entertainment load limit, ELL (N)	Steel wire rope diameter (mm)
P100-1	150	142	36	100	1	1 250	5-6

LOAD PULLEY

PRODUCT CODE:
LP-150-1/2/3/4/5/6

- Load Pin with Entertainment load limit (ELL) 6,5kN;
- 1 to 6 ways available, D=150mm;
- Fixing Brackets;
- Wire rope specification: d=6mm;
- Optional (not included in standard): Amplifier LCD20

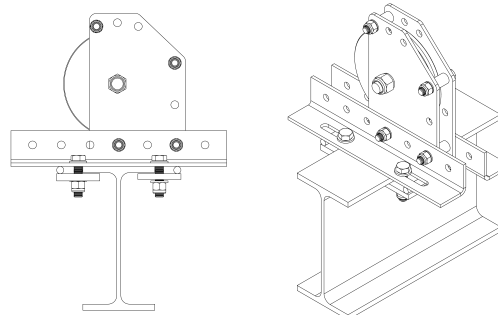

FIXING ELEMENTS

Wide range of black powder coated pulley adaptors ensures safe fixing on or below steel beam and ceiling. Pulley brackets have entertainment load limit (ELL) 2 500 N. Customized brackets available on request.

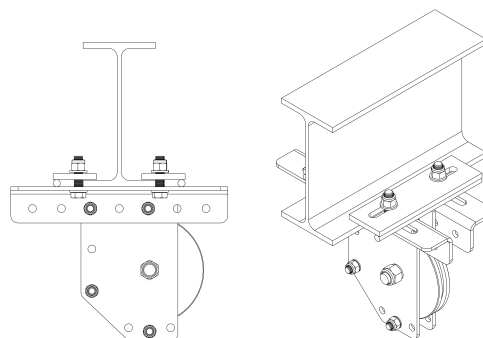

ON STEEL BEAM

Product code	Beam width (mm)	Bracket length (mm)	Entertainment load limit (N)
AA-250-200	40-100	200	2 500
AA-250-300	100-200	300	2 500

BELOW STEEL BEAM

Product code	Beam width (mm)	Bracket length (mm)	Entertainment load limit (N)
AB-250-200	40-100	200	2 500
AB-250-300	100-200	300	2 500

ON CEILING

Product code	Bracket length (mm)	Entertainment load limit (N)
PB-C-250-200	200	2 500
PB-C-250-300	300	2 500
